Mosaic Workshops & Courses re-commenced in Canberra

November is here - and we are on the countdown to Christmas! 49 days today! The time when we all start thinking about Christmas gifts.

## Christmas Collection:

I have pulled together some wonderful items for our Christmas Collection, and made it very easy for you to find. It's the first item under the Shop Menu: <https://merlinmosaica.com/product-category/christmas-2023/>

It includes a whole raft of **Christmas Substrates** - in clear, mirrored (silver or gold) or Gold Glitter acrylic, as well as MDF for inside. Also my cure Christmas charms are in stock (and more on their way).

Stained **Glass Christmas Shapes** make a fabulous addition to a Christmas Mosaic.

I've also got **Earring Kits**, in cute little organza bags, and a wonderful new line of **Jewellery Making items**: bezels, chains, glue, jewellery tools, metallic finishes and more. More items are being added into this range as they arrive.

Some cute **Kits for Kits**: designed to be ungrouted, these are a fun thing to do with the littlies. They have been tested on 4year olds and above. Please always use under adult supervision. The glue is non-toxic, and the tiles are nicely rounded - no sharp edges - but may be a swallowing hazard.

## Sue Smith Collection:

For a while now, I have been working with the amazing **Sue Smith Glass** to sell her products here in Australia. I currently have her substrates being made here, and am getting her glass collections in stock very soon. These are made up according to Sue's requirements. I am gathering supplies to offer lots more of the kits Sue offers on her website - mirrored strips, ladybugs, leaves, mini-gems etc. I will be selling some of the tools Sue stocks, and I would love to offer the frames and stands - but these take time!

## New Products:

The **SeaBell Mosaic tools** continue to be extremely popular. I was fortunate enough to test these for the distributor, and I am not surprised at their popularity!

I am also selling the **Mosaic Cutting Machine** by Hasal, and (at the other end of the spectrum), I have introduced a line of **Jewellery Making tools**. This will continue to expand over the coming months.

My range of **mirrored acrylic shapes** is always expanding - check them out. Available in Silver, gold and Glitter gold, they are wonderful to mosaic onto. I have a lot of Earring Kits in mirror - mosaic on one side, leave the mirror unmosaiced on the other side - I love them!
